“ Every time I eat a Coney Burger, eat 2 pieces of toasted bread with miracle whip and tomatoes on it, everytime I go to the auction, or just go for a ride down a back road just for the heck of it I will think of my Mem. Every time I smell that perfume from avon called Musk I will smell her again. I'm so sad that she is gone but I'm so thankful for all the wonderful memories she gave me. I will always make sure that my children will know about their Memmy and Pappy. If it wasn't for my Mem being the kind loving selfless person that she was God only knows where I would be today. She got custody of me when know one else wanted to take me in she was 70 when she did that I don't know of too many people that would do that and thanks to her for raising me I met Matt and I have the family that I have today because of her. Even though she is gone she will never be forgotten!! I'm looking forward to the day that we meet again, until then I know she will be watching over everyone in our family which is a comforting feeling. Tomorrow is going to be one of the hardest days of my life because I don't want to say goodbye and I don't think I'm going to I'm going to tell her that I love her and it's not good bye it's I will see you again when the time is right. I love you Mem..
